To Whom It May Concern:

In December of 2007 we moved to a different area of the city and lost our pet sitter of 8 years at the same time. That was the most difficult part of our move because our pets are very dear and important to us.

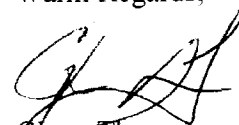

In January while searching for someone who could replace our Fountain Hills pet sitter, I came across Janet. Of course, I was skeptical because after an 8 year relationship with someone my dogs adored I didn't think I could ever find someone else who could compare.

Janet and I scheduled some time for her to come by and meet our dogs a couple of weeks later. Tre (our 2 ½ year Miniature Schnauzer) immediately took to her, Maddie (our 16 year old Doxi Beagle who is completely deaf) took a little longer but Janet won her over. We took our first trip with Janet as the pet sitter at the end of February. Everything went very smoothly. The dogs were happy, she watched over our home and stayed in communication with us everyday. We actually came home with a new puppy and Maddie and Tre were great. They were happy, healthy and had been well cared for. Janet did a great job.

Not long after we returned Janet came by to meet Lexi and they fell in love with each other immediately. Since that time, we have taken two more trips and each time things went very well. We've already booked Janet for two additional weeks later this year and know that we can leave without worries because Janet has us covered.

I would highly recommend Janet to anyone who is looking for a loving individual who is responsible and trustworthy in your home and who takes excellent care of your four legged family members.

Warm Regards,

Glenn Thompson
