Re: Animal Aficionado Pet Sitting, L.L.C.

Dear Fellow Pet Lover:

My husband and I have a dog, Sparky, and a kittie, Jazzee the Cat, both of whom LOVE Janet! Sparky becomes excited and wiggly when she comes through the door, and Jazzee meows, rolls over on her back and demands a tummy rub. She has done this with no one other than me! Janet takes excellent care of them and they are always happy and relaxed when we return. This is probably a horrible thing to say, but since Janet started taking care of our furry babies, we hardly think about them when we're gone (well, maybe just a little)!

I've known Janet for a long time and trust her implicitly.

You are wise to have chosen Janet to care for the furry members of your family, and I can promise that you won't regret your decision. Your pets will be happy with your choice, too!

Sincerely,

Jil Chandler
